New COVID Stage II Guidelines for Worship

Christ Church has shifted into Phase II of the Diocesan Guidelines for COVID-19 safety in worship. As we move forward as a community, we want to continue practicing safe procedures to keep all of our parishioners and guests healthy.

- All those attending worship services who are **unvaccinated are required to wear masks.**
- Those who are fully vaccinated are not required to wear masks, though wearing masks while singing is strongly encouraged.
 - Parents are responsible for making sure that children who are not vaccinated will wear masks for their own safety.
 - We will continue to adhere to social distancing of six feet between family groups or pods.
- Reservations for worship services are no longer required.
